Alexandria, VA 22313-1450

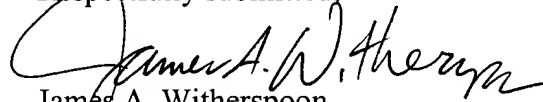

COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Sir:

The Applicant agrees with the allowance of the present application.

In an effort to clarify the record: (i) reference is made to the Examiner's statement of reasons for allowance, wherein it is indicated that "none of the prior art references teach an innermost TiAlN hard layer applied to a cutting tool by a vacuum procedure followed by a WC friction reducing layer"; (ii) it is respectfully submitted that those of ordinary skill in the art would understand, in view of references cited by Applicant's Information Disclosure Statement filed October 1, 2001 for the present application, that an innermost TiAlN hard layer applied to a cutting tool by a vacuum procedure followed by a WC friction reducing layer is prior art to the present application; and (iii) the Applicant respectfully submits that there are reasons for allowability of present application that are not mentioned in the Examiner's statement of reasons for allowance.

Respectfully submitted,

James A. Witherspoon
